

Good News...Bad News...Good News
If You're Looking For Health Insurance

Good News #1: We represent all the major Illinois health insurance companies, providing you with over 100 health plans to choose from.

Bad News: That good news is also the bad news. Although having a huge selection is an advantage, it can make choosing the best plan for you a daunting task.

Good News #2: You don't have to do this all on your own. We will give you all the help you need so you don't have to make this extremely important decision based on hours and hours of reading through hundreds of pages of dry confusing insurance company brochures. We can help you sort through this in no time.

Not Only Do You Have To Choose
The Insurance Company And The Plan *But Also*
Who Will Service Your Account During And After The Application Process

You can obtain your policy either directly from the insurance company or from one of their licensed agents. It's important to note that either way, the price is the same.

That said, I think you'll agree that it is to your advantage to have an independent agent present you with your options, help you apply, and service your account. As an independent agency, C & G can show you choices from multiple insurance companies, and will be your advocate if problems or questions arise.

When you buy directly from an insurance company, you'll only be offered their policies. More importantly, when you later need help with a coverage question, claim issue, or renewal options, is that "800 number" representative going to be there for you months or years later, or be there at all?

**So, if you agree that an independent agent will serve you best,
you just have to decide which one.**

For the most part, insurance agencies sell the same or similar products with the same or similar companies. We all tell you how wonderful our products, knowledge, and service are. But we can't all be that good. For something as important as your financial protection, how do you decide? Who do you choose? Unless you already know the agent, you have to go by what others have to say.

The absolute best reasons to do business with C & G can be found in the following testimonials. These are real and not made up. We're very proud of what these customers think about C & G Insurance. What others have to say about C & G is far more important than what we have to say.
